## FAQ

### Can you print from my mailbox or from the Internet?

Yes. If you want to print from internet applications, please use our „Computer usage” service. You can print your documents directly from our PCs.

### Viruses?

Please note, that our antivirus programmes automatically remove the infected files from your media. Please create backup files before printing if you suspect your media have been infected.

### Which file formats could you print?

We prefer PDF format in every case, although we can print Microsoft Office and Adobe formats too.

### I want to print on the edge of the sheet. Is it possible?

Yes, if your graphics contains bleed, which means it is 3 mm larger in all ways as the final product size. For more details about bleed graphics please visit [http://en.wikipedia.org/wiki/Bleed\\_\(printing\)](http://en.wikipedia.org/wiki/Bleed_(printing))

Prices include VAT.

The right for changing the prices is reserved!

We use unique pricing in particular cases.
